For greater protection within your workplace encourage your colleagues to **get vaccinated.**

Need more info? **FREE** leaflets are available from your coordinator

Flu facts

False ✘

The flu is just a bad cold right?

True ✔

No. The flu is different from a cold. It can be deadly. The flu is serious!

The flu vaccination can give me the flu.

No. The flu vaccine prepares your immune system to fight the flu. The vaccine itself contains no live viruses.

I'm too fit and healthy to get the flu.

Flu can attack anybody at anytime. It attacks your immune system & doesn't care if you are fit or healthy!
